Agenda

I. Welcome & Introductions

II. Review of Minutes

- Susannah will send out minutes for approval.

III. State priorities

- The state is going to look at the priorities once again and may make some adjustments.
- Underage Drinking is NOT a mandated priority as previously understood.

IV. Prescription Drugs

- Susannah has not received prescription drug information from Christy.
- The question arose if prescription drug abuse is more of a treatment issue.
- Ed related that there is a prevention education component that would be appropriate for that population.
- Also look at National Household Survey for Px drug abuse data.

V. Data sources

- Verne's data
- 2000 Native American Survey; door-to-door survey
- Ethnic profile reports 2005 from SHARP; 6,8,10,12 graders
- 2007 SHARP will be ready by end of August
- Once Bach Harrison gets database up and running will be able to more easily see gaps in data collection.

VI. Status of breaking down data

- Bach Harrison is in the process of breaking the data down to the local level.
- The priorities are almost entirely broken down.

- Ed has received ER data from Christy to break down to district and local level.
- The Division needs to tell Bach Harrison how to package the consumption data for the use of the locals.
- Bach Harrison will develop a template for preview and feedback.

VII. Other Items

- None.
